

Get to know the team! This year you're going to spend a lot of time with the Village Resident Assistant (RA) team so please make sure you say hi to your RA and make yourself known. All residents are divided up into House Teams and your team leader will be an RA living in your area of the Village. The RA's are there to help you out in emergencies and open your door if you're locked out! If you have any suggestions for the Village in 2008, please talk to your RA - ideas welcome!!
